

## Cibes S200

– a smart solution  
for straight stairways

The platform lift above the ordinary  
combining easy installation with modern  
technology.

- The attractive design makes the lift fit into most environments.
- The lift is equipped with ramps which, when folded function as sensitive edges for extra protection.
- The lift is also easy to reinstall in another stairway.
- The Cibes S200 is a powerful and reliable platform lift designed for trouble free use all year around in all weather conditions.

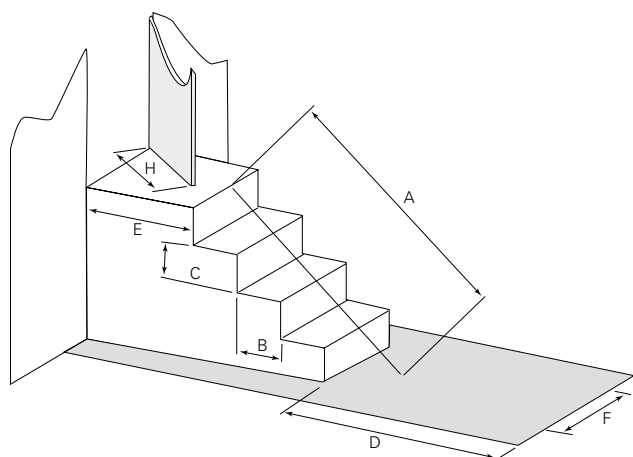

**The Cibes S200 is equipped with a number of features optimizing safety and simplicity of use.**

- Sensitive safety pad underneath the platform
- A barrier that folds automatically
- Capped rail-ends
- Independent monitoring of the platform ramps
- Separate monitoring of drive chains
- Side protections on platform
- Covered rack and pinion gear
- 3000 mm free space required in front of staircase

TECHNICAL FACTS – CIBES S200	
Rated load	300 kg
Rated speed	0.15 m/sek (9 m/min)
Platform dimensions	800×1250 (w × d, mm)
Drive	Steel gear rack on both rails
Motor	Worm gear motor with manual emergency lowering
Control	Push buttons continuous pressure
Safety	Safety gear with overspeed governor Overload protection
Power supply	Single phase 230 V, 50 Hz
Control system	Protected by a built-in cabinet
Surface finish	RAL 7042
Directives and Norms MD 2006/42/EC, EN 81-40
